EDUCATION

PhD Geography, **University of Florida, Gainesville, FL**
Dissertation: Public Policy and Spatial Variation in Land Use and Land Cover in the Southeastern Peruvian Amazon

Ph.D. Certificate in Tropical Conservation & Development, University of Florida
Graduate Certificate in Latin American Studies, University of Florida

Visiting Scholar Maxwell School of Citizenship and Public Affairs,
Syracuse University, Syracuse, NY
Emphasis: Political Ecology/NGO/Indigenous Communities

M.A. in Geography, **University of Miami, Coral Gables, FL**

M.A. in Political Science, minors in Geography and Environmental Law
Karl-Ruprechts Universität Heidelberg, Heidelberg, Germany

PROFESSIONAL EXPERIENCE

- Since 8/2019 **University of Florida, Center for Latin American Studies, Tropical Conservation and Development Program**
Assistant Scientist
- Co-lead governance and infrastructure grant activities in the Upper Madeira and Colombia mosaics Pan-Amazon Community of Practice to improve transparency and accountability of infrastructure planning for good governance of protected areas mosaics;
 - Coordinate the information exchange and communication between the project's activities and the regional learning networks;
 - Lead specific activities and analyses focusing on mapping and citizen science, including assessment of tools and strategies for implementation across mosaics.
- 3/2019-present **University of Florida, Center for Latin American Studies, Tropical Conservation and Development Program, Governance Infrastructure in the Amazon**
Project Assistant
- Support for planning, logistical, fiscal and travel support to UF team and the project's regional coordinators
 - Administer personnel appointments and payments for consultants, student assistants and other personnel on the grant paid by UF;
 - Maintain a database of project outputs and indicators;
 - Contribute to project reporting and financial management
- 7/2018-present **University of Florida, Spatial Ecology & Conservation (SPEC) Lab**
Research Scientist
- Research on phenologic patterns of bird – bioclimatic variable interactions, using a spatial-temporal multi-sensor approach.
 - Develop integration frameworks.
 - Leading peer-reviewed publications.
- 2015 –present **University of Florida, Tropical Conservation and Development Program (TDC), Center for Latin American Studies, Gainesville, FL**
Courtesy Faculty
- Student mentorship and/or student academic guidance in topics related to the Peruvian Amazon and the socio-ecological integration.
 - Collaborate as invited speaker/teacher in specific TCD courses

- Collaboration in grant-writing of prospective collaborative research projects in Latin-America
- Strengthen extension activities in capacity-building efforts within collaborative partners in Latin-American universities and stakeholders.

10/2013-5/2014 **Regional Government of Madre de Dios, Special Project of Madre de Dios, Puerto Maldonado, Peru**
Consultant "Vulnerability Assessment of Burning Patterns within Changing Climates in Madre de Dios"

- Carried out research and field surveys on the identification of the mechanisms through which climate change affects burning patterns and generates vulnerability.
- Analyzed current and future vulnerability assessments at the regional, local and household level.
- Analyzed main policies and adaptation measures in the region.
- Identified the main barriers and gaps for the management and adaptation to climate change.
- Proposed lines of action for adaptation to climate change in the region.

2013- 2015 **Universidad Nacional de Ucayali (UNU), Pucallpa, Peru.**
Co-Director for the Project "Building Conservation Capacity in a Changing Amazonia," University of Richmond, VA, Higher Education for Development (HED), Washington, DC

- Build the capacity via research, teaching and extension activities related to conservation science and sustainable management of natural resources.
- Implemented applied scientific socio-environmental research, conservation internships, designed and taught the conservation science certificate program.
- Trained 21 thesis students in Ucayali's capital of Pucallpa to conduct project activities and research within the remote, bio- and culturally diverse Purús and Yurua watersheds of the Peruvian Amazon Basin.
- Built capacity for both university students and indigenous communities in participatory research and future leaders to reflect critically on natural resource management.
- Broadened student skill sets (composed by theory, skills and practice) so they can analyze linked socio-ecological systems from an interdisciplinary, environmental science perspective and communicate to a range of stakeholders including policy makers, local communities, and the urban Amazon public.
- Coordinated applied interdisciplinary environmental journal.
- Co-direction of baseline assessment and project as a whole with a particular focus on capacity building.
- Coordinated monitoring and evaluation procedures and data collection and reporting.
- Facilitated two climate change workshops (Purús and Yurua), Ucayali's most remote, carbon-rich, and bioculturally diverse regions.

2011- 2012 **CIFOR, Center for International Forestry Research, Lima, Peru and Bogor, Indonesia**
Consultant

- Research on potential multi-use management of Brazil nut-rich forests in Madre de Dios, Peru and assessment of deforestation and degradation pressures.
- Compiled database and available literature of Brazil nut and timber harvests in concessions in Madre de Dios, Peru. Determine Brazil nut geographical distribution, land tenure, and land use.
- Coordinated field study of methods to assess the effects of forest fires on carbon stocks and biodiversity in forests in Madre de Dios.
- Produced Info/Policy Brief on Brazil nut allocation and land use planning.

- 2009-2011 **University of Florida, Gainesville, FL and Universidad Nacional Amazonica de Madre de Dios, Puerto Maldonado, Peru**
Postdoctoral Research Associate in Climate Change and Environmental Public Policies
- Capacity-building via research, training and extension activities related to climate change and environmental public policies at the local, regional public sector, and academic sector.
 - Collaborated with local and national counterparts on REDD policy process.
 - Developed research on REDD deforestation and degradation measurements and methodologies in the region of Madre de Dios, Peru.
 - Managed training certificate in Environmental Management, Environmental Services and M.R.V. (Monitoring, Reporting, and Verification).
 - Served as the President of Scientific Committee for the University Journal "Amazonian Biodiversity" and managed the Special Edition in 2011.
 - Organized and served as Conference Committee Director for the "2011 International Research Conference on Global Impacts: Toward a Future of Sustainable Forest and Society."
- 2008 **NSF-HSD Project, NSF Human and Social Dimensions Infrastructure Change, Human Agency, and Resilience in Social-Ecological Systems, Peru**
Funded Participant
- Performed semi-structured household questionnaires in the province of Tahuamanu, Southeastern Peru in collaboration with local counterparts.
- 2004–2008 **Florida Department of Agriculture, Gainesville, FL**
GIS Mapping Specialist
- Managed all the mapping services for the Florida Cooperative Agriculture Pest Survey program covering 67 counties;
 - Oversaw the design, layout and production of maps for surveys and documents of 4 offices throughout the state of Florida;
 - Performed spatial analysis of crop damage symptoms and suggested disease spread prediction for efficient pest detection and monitoring;
 - Managed database of the distribution of pests and diseases and assisted in field data collection.
- 2004-2005 **Compton Research Fellow, Iñapari, Peru**
Independent UF Researcher
- Collected field work data for PhD research based on ground truth data for Landsat and Aster satellite imagery and semi-structured farmer interviews.
 - Collaborated with local regional governmental institutions and logging concessions.
- 2001 – 2003 **University of Florida, Department of Geography, Gainesville, FL**
Teaching Assistant
- Lectured GEO 1010 Geography for a Changing World, class of 180 students.
 - Designed curriculum design and lecture material.
- 1997 – 2001 **Peru Verde NGO, Lima, Peru**
Director Community Development Program Lower Urubamba
- Promoted community development and participatory ecotourism activities and rain forest school project in Southeastern Peru
 - Assisted in protected area management of conservation and biodiversity projects;
 - Designed and organized participatory community workshops with local stakeholders;
 - Managed budget, day-to-day operations, funding, report and proposal writing;

- Responsible for the development of the German market clientele (design, pricing and selling of travel packages)
- Participated at international tourism fairs (ITB Berlin 1997 and 1998, Ecotourism Society 1997, Brussels, Milan)

- 1996 – 1997 **UNFCCC-Climate Change Secretariat, Bonn, Germany and Geneva, Switzerland**
Conference Consultant
- Prepared briefing and speaking notes for the Ad-Hoc Group on the Article 13 of the Convention
 - Edited drafts reports for the Chairman of each session during UN Conferences and for the final UN Document
 - In charge of the document “Mitigation Policy Frameworks for Implementing Adaptation Measures and Response Strategies of non-Annex Parties”.
- 1995 – 1996 **DSE, German Foundation for International Development, Mannheim, Germany**
Seminar Coordinator
- Coordinated capacity training programs in the field of social and economic development as commissioned by the Federal Ministry for Economic Cooperation and Development (BMZ)
 - Supervised and evaluated international participants in vocational and technical education
 - Lectured introductory classes on German history, society, and economics
 - Edited Program and Training Guide

ACADEMIC AWARDS, FELLOWSHIPS, AND TRAVEL GRANTS

- 2014 WCRP Conference for Latin America and the Caribbean (WCRP) Travel Award
2011 World Climate Research Programme (WCRP) Travel Award, (\$2,500)
2010 Fine Outreach for Science Gigapan Fine Fellow, CREATE Lab, Carnegie Mellon University
2009 IHDP, International Human Dimensions Programme on Global Environmental Change
2008 UF-NSF-HSD Fellowship, University of Florida, FL
2006 NASA/MSU Professional Enhancement Award
2005 McLaughlin Fellowship, University of Florida, FL (\$3 600)
2005 Graduate Student Council Travel Award, University of Florida, FL (\$250)
2005 Graduate School Research Travel Grant, University of Florida, FL (\$250)
2004 College of Liberal Arts & Sciences Travel Grant, University of Florida, FL (\$250)
2004 Department of Geography Travel Award, University of Florida, FL (\$ 250)
2004 Compton Fellowship in Environment and Sustainable Development (\$15 000)
2003 Tropical and Conservation Development Research Scholarship (\$1500)
2002 Tropical and Conservation Development Field Research Grant (\$2100)
1999 Dellplain Research Assistantship, Syracuse University, NY
1998 Joan De Sardon Glass Award Fellowship, Syracuse University, NY

PROFESSIONAL AWARDS

- 2008 **Prudential Davis Productivity Award** “Sustained Exemplary Team Performance Eagle Award”, Cooperative Agriculture Pest Survey Program, Florida Department of Agriculture
2008 **United States Department of Agriculture** “Certificate of Appreciation in recognition of superior efforts in support of the *Spodoptera litura* Incident Command in Miami-Dade County, Florida”.
2007 **United States Department of Agriculture** “Certificate of Appreciation for outstanding support to the Florida CAPS Red Palm Mite initiative during CY 2007”.
2006 **United States Department of Agriculture** “Certificate of Appreciation for outstanding contributions in support of the South West Florida HLB-Citrus Greening ICS emergency project”.
2006 **Florida Department of Agriculture & Consumer Services Division of Plant Industry** “Certificate of Appreciation for dedicated service during the Citrus Greening Survey Project”.

2005 **United States Department of Agriculture** "Certificate of Appreciation for outstanding contributions in support of the South Florida HLB-Citrus Greening ICS emergency project".

RELEVANT WORKSHOPS & TRAINING

19 – 22 October 2011, "**Early Career Scientist Assembly (ECSA)-National Center for Atmospheric Research (NCAR) Workshop.**" Regional Climate Issues in Developing Countries, Boulder, CO, USA
Participant

April – November 2011, "**Certificate in Environmental Management, Environmental Services and M.R.V. (Monitoring, Reporting, and Verification),**" Universidad Nacional Amazónica de Madre de Dios, World Wild Fund for Nature, Puerto Maldonado, Peru, Trainer and Organizer

August 2010 – November 2011, "**Analysis of Deforestation Rates by Logging Activities in the Southeastern Peruvian Amazon**" and "**Analysis of Degradation Methodologies at the Local and Regional Scales,**" Universidad Nacional Amazónica de Madre de Dios, Puerto Maldonado, Peru, Trainer and Organizer.

14-25 June 2010, "**PASI-Panamerican Advanced Studies Institute for the Integration of Research on Climate Change and Hazards in the Americas,**" Panama City, Panama, Participant
